

Thailand entry rules for vaccinated and unvaccinated tourists

1. Fully vaccinated arriving from a 'low risk' country

Anyone who is fully vaccinated and arriving from one of the 46 countries deemed to be low risk must stay one night in an SHA+ certified hotel or alternative quarantine hotel for one night while they await the result of a RT-PCR test.

If the test is negative, they are free to travel anywhere in Thailand without restrictions. Thailand is calling this process '[Test & Go](#)'.
